Case Number: 3:16-CR-152

To Mr. Christopher Osbrone,

Tuesday; February 21, 2017

I am respectfully requesting that you put in a motion to Judge James Munley to withdraw yourself as counsel, as it is appearant you do not have by best intrest at hand. I have requested that you, multiple times, multiple documents and have yet to recieve them, as it is my Constitutional Right to have. I have also requested that you clerify information you have told me and have yet to recieve any responce on the matter. It is clear that you do not have my best interest at hand. It has now been over eight months without my discovery. You have requested it only 3 times within the last eight months. It is my belief that you do not truly want to see my discovery. There is no reason why I should not have it. I am personally questioning your integrity, honesty, and ability to practice law. It is my belief that our relationship has become so strained that we can no longer work together with regards to my defense. I would like for you to send me all documents of my case, as it is my wishes to withdraw you as counsel. I am finally respectfully requesting that you withdraw and you request to the Honorable Court to appoint me a new pro bono attorney for my defense, as it is my Constitutional Right to obtain one.

Respectfully,

Josiah Ferrebee
